

# Battery power charging screen

How do I know if my battery is fully charged?

When Smart charging is on, you'll see a heart on the Battery icon in the following places--on the right side of the taskbar and in Power & battery settings. When you hover over the Battery icon with your mouse, it says Fully Smart charged and means the battery isn't charging even though your device is still plugged in.

How do I Check my battery status on Windows 10?

To check the status of your battery,select the battery icon in the taskbar. To add the battery icon to the taskbar: Select Start > Settings > Personalization > Taskbar,and then scroll down to Notification area. Select Select which icons appear on the taskbar,and then turn on the Power toggle.

How do I get a battery icon on Windows 10?

Select Select which icons appear on the taskbar,and then turn on the Power toggle. Note: The Power toggle is not visible on a system such as a desktop PC that doesn't use battery power. If you still don't see the battery icon,select Show hidden icons on the taskbar,and then select the battery icon.

How do I Check my battery charge on Windows 11?

If you're using Windows 11,click the battery icon on the System Tray. The number in the bottom-left corner displays the current battery charge. Reducing the screen brightness goes a long way toward preserving your charge. Move the slider on the bar to the left to a level that dims the screen but still allows you to see and use it clearly enough.

How do you charge a Nintendo Switch?

If there's a charging symbol in the corner,hold the power button until the screen completely darkens. Wait 15 to 30 minutesbefore attempting to turn on your Switch. These instructions optimize charging by eliminating factors of power waste such as the joycons charging,the dock being powered,and the screen being on just to show a charging icon.

How do I add a battery icon to my taskbar?

To add the battery icon to the taskbar: Select Start > Settings > Personalization > Taskbar, and then scroll down to Notification area. Select Select which icons appear on the taskbar, and then turn on the Power toggle. Note: The Power toggle is not visible on a system such as a desktop PC that doesn't use battery power.
