How much does a solar meter cost in Cape Town?

The City of Cape Town has unveiled a cheaper electricity meter for residents to sell excess solar power back to the city through the "Cash for Power" programme. The new meter costs R6,043, including VAT, making it roughly 40% cheaper than the old meter, which cost R10,508. However, there is a significant difference between the two.

Can you sell solar power in Cape Town?

About 432 households have applied to earn cash by selling their excess solar power to the City of Cape Town via its Cash for Power programme. Also read: Cape Town makes over R25m in Cash for Power payments The first window for residential seller applications closed in March.

Can Cape Town buy solar power from small-scale generators?

Cape Town is reportedly the first metro to buy excess solar PV from small-scale generators in exchange for their municipal credits and cash. This is how it works: an electricity seller's total municipal bill is credited to zero, with the option to apply to earn an incentive beyond the zero balance.

How many solar PV installations are there in Cape Town?

March set a new monthly record for the City with close to 700 applications for solar PV installations. For climate change news and analysis, go to News24 Climate Future. Plans are afoot for the City of Cape Town to slash the cost of a specialised meter by more than half, so that customers can use it to feed power back to the municipal grid.

Should you go solar in Cape Town?

With abundant sunlight and high electricity costs from the grid, solar power is an attractive option for many homeowners and businesses looking to reduce their energy bills. This guide profiles the top solar companies in Cape Town that can help you go solar.

Is Cape Town the first metro to buy excess solar power?

The municipality noted that Cape Town was the first metro to start buying excess solar power from households and businesses in the city. "Businesses and households have already earned over R30,8m, largely in municipal bill credits, since the start of the 2022/23 financial year until 1 April 2024," it said.
