

# Outdoor rainproof battery cabinet effect picture

What is outdoor battery enclosure?

The outdoor battery enclosure is a housing, cabinet, or box that can be used outdoors and specifically designed to store or isolate the battery and all its accessories from the external environment. Outdoor battery enclosures keep your batteries safe from weather and safe from theft.

Why do you need an outdoor battery enclosure box?

Outdoor battery enclosures keep your batteries safe from weather and safe from theft. Outdoor battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment.

Why is aluminum a good battery enclosure material?

Aluminum has a layer of oxide on top that prevents any corrosion. Aluminum battery enclosures are highly popular for all designs of cabinets and cases because aluminum is lightweight. This material is especially good for battery enclosures exposed to solvents, petrochemicals, some acids, most sulfates and nitrates.

What materials are used for weatherproof battery enclosures?

The materials used for weatherproof battery enclosures are not different from materials used for other types of enclosures. Metal battery enclosures include those manufactured from carbon (mild) steel, galvanized steel, and stainless steel - usually of the grades 304, 316, or 316L. Carbon steel is usually duller than stainless steel.

What is the best material for a battery enclosure?

Aluminum battery enclosures are highly popular for all designs of cabinets and cases because aluminum is lightweight. This material is especially good for battery enclosures exposed to solvents, petrochemicals, some acids, most sulfates and nitrates. There are also fiberglass battery enclosure boxes and plastic battery enclosures.

Are battery cabinets NEMA & IP rated?

It is important to note that the NEMA and IP rating varies depending on where you will install the enclosure. A range of outdoor energy storage battery cabinets and outdoor lithium battery cabinets are available in standard and custom configurations, can be pole-mounted or ground-mounted.
