Where can I use solar street lighting in the UK?

With the largest selection of solar street, car park and general area lighting systems in the UK, we have lighting for all applications. Typical applications include streets, roadways, car parks, general outdoor areas, playgrounds, storage yards, footpaths, multi use games areas (MUGA), BMX pump tracks, horse riding arenas and such like.

Are solar street lights energy independent?

Become energy independent today with Sun-Lite. Our solar street lights use the latest LED lighting technologies to guarantee a longer lifespan for your road lighting. They also operate well in cold temperatures, making them the perfect choice for outdoor lighting.

Are solar street lights a good choice?

Our solar street lights use the latest LED lighting technologies to guarantee a longer lifespan for your road lighting. They also operate well in cold temperatures, making them the perfect choice for outdoor lighting. Also, unlike traditional lighting, LEDs emit almost no heat, making them safer to change and more energy efficient.

Where are solar street lights made?

Our solar street lights are proudly designed & manufactured in Volos, Greece. We stand firmly behind our solar lighting products with a five year warranty. Install & forget, our solar street lights are built to provide hassle free lighting that lasts. We ship our solar street lights worldwide.

What is a solar street light?

This solar street light has a 360° independent modular vertical solar panel setup, available in a twin light version suitable for dusty climates. The Sfiro solar light is a modern compact dual-arm solar lighting system developed for median strips in roadways & junctions areas.

Can solar street lights be used on a road?

In addition, solar-powered road lighting is immune to power cuts. The road will remain well-lit even if the primary grid fails. Your solar street lights will store energy internally and light up the road for travellers through every season. We can also install temporary solar lighting for use on more minor roads.
