

Solar panels Castries

Is Castries a good location for solar energy generation?

Castries, Saint Lucia, located in the Caribbean tropics, offers a promising environment for solar energy generation. This location benefits from consistent sunlight throughout the year, with seasons characterized more by wet and dry periods than temperature fluctuations.

How to optimize solar generation in Castries Saint Lucia?

Assuming you can modify the tilt angle of your solar PV panels throughout the year, you can optimize your solar generation in Castries, Saint Lucia as follows: In Summer, set the angle of your panels to 2°; facing North. In Autumn, tilt panels to 20°; facing South for maximum generation.

What angle should solar panels be positioned?

In Autumn, tilt panels to 20°; facing South for maximum generation. During Winter, adjust your solar panels to a 30°; angle towards the South for optimal energy production. Lastly, in Spring, position your panels at a 7°; angle facing South to capture the most solar energy in Castries, Saint Lucia.

What are solar panels made of?

Solar panels are around 95% silicone (including the most common monocrystalline, polycrystalline, and thin-film designs). This semiconductor material is perfect for the job because it's cost-efficient, easy to use, and really durable.

How much do solar panels cost?

Pair your panels with a battery, and the sun could power your home all through the night too. Our solar packages start from \$4,999 for 4 panels with 0% financing options available. If you want a battery too, these packages start from \$7,499. All our solar packages include MCS accredited installation. We can give you a quick quote in seconds.

Should I add battery storage to my solar PV installation?

Adding battery storage to your Solar PV installation enhances the overall efficiency and reliability of your renewable energy set up. With a battery storage system, you can store excess solar energy generated during the day for use when you need it most, even after the sun has set.

Solar Energy Services Company Ltd, Castries, St. Lucia. 593 likes & 4 talking about this. Supplier of quality solar products and related services. Our over 25 years of experience gives us the...

Solar panels, or photovoltaics (PV), capture the sun's energy and convert it into electricity to use in your home. Installing solar panels lets you use free, renewable, clean ...
