

# Solar panels can still be sold even if they are broken

What happens if a solar panel is broken?

A solar panel can still provide some power even if it is broken. A solar panel with a broken or missing glass cover can still be used because the electricity-producing cells inside the panel are not damaged. As mentioned before, it won't be as efficient as a solar panel in good working order, you will lose efficiency.

Do cracked solar panels work?

Cracked panels work if we define a working panel as one that produces a current. At least most of the time, cracks don't damage the solar cells themselves. These cells are among a solar panel array's most critical components. Even if a solar cell has been damaged, that doesn't compromise the entire panel.

Can a broken solar panel be replaced?

The general rule of thumb is that broken or scratched glass can be replaced if it hasn't caused any further damage to the solar panel. Any damage to the inner components requires the solar panel to be replaced. Can I Fix Solar Panel Parts Myself?

Can a broken solar panel be recycled?

A broken solar panel that cannot be repaired will have to be taken away for recycling. Whatever you do, do not throw it in a landfill or dump it anywhere. Solar panels contain harmful or toxic elements that can cause environmental damage if they leach into the ground.

How do I know if my solar panel is damaged?

Damage can manifest in various forms. Some can be easily recognised through visual inspections, while others can be more subtle and may require you to call an expert to inspect the broken solar panel. Common types of damage include: Broken or Cracked Glass - Cracked or shattered glass is one of the most obvious signs of damage.

Can you make a claim if you fix solar panels yourself?

Should you go to make a claim after attempting to fix solar panels yourself, you'll very likely leave empty-handed and foot the bill yourself. Note that most warranties don't cover accidental or incidental damage, but a self-repair attempt will still void any future valid claims.
