Solar power tiles are too expensive

Are solar tiles expensive?

Unlike traditional solar panels,solar tiles double up as a roof covering or roof tile replacement,so they will naturally be more expensivethan bolting solar panels onto an existing roof. Solar tiles also require a longer,more complex installation,installed by roofers rather than PV installers,increasing costs.

Why do solar roof tiles cost more than solar panels?

Solar roof tiles generally cost more than solar panels because the technology is newer, the market is far less competitive, and the installation process is longer and more complex. Factors like the brand, the size of your roof you want to cover with solar tiles, and the system size will also impact the total costs.
