What is the outlook for the lead acid battery market?

FMI's Market Report Highlights Sustainable Opportunities. The lead acid battery market share is estimated to display steady growth throughout the forecast period, expanding at a CAGR of 5.20%. The market value of lead acid battery is expected to expand from US\$62,723.74 million in 2024 to US\$104.13 billion by 2034.

Is China a promising market for lead acid battery manufacturers?

China is a significant market for the electric industry, making it a promising market for lead acid battery manufacturers. Robust modernization in China and increasing investments in the power utility and automotive industries are expected to propel growth in the lead acid battery market.

Why is the lead acid battery market growing?

The market is estimated to witness growth owing to the growing adoption of lead acid batteries in automobiles and Uninterruptible Power Source (UPS) along with some developments in the manufacturing methods. The increasing demand for lead acid batteries in off-grid power generation is expected to boost the market size.

Which country has the largest lead acid battery market?

Asia Pacific holds the dominant lead acid battery market share, with China, India, Japan, South Korea, and Australia being the key Asian Pacific market contributors. Some factors driving this region's growth are high automobile production and sales, rapid industrialization, population growth, and the increasing demand for UPS systems.

What are the key characteristics of the lead acid battery market?

Mergers & acquisitions and joint ventures are key characteristics of the market players, to increase their market presence. The industry is highly competitive with participants involved in continuous product innovation and R&D. Some prominent players in the global lead acid battery market include:

Market value of lead acid batteries for industrial applications worldwide in 2023, with a forecast until 2031, by region (in million U.S. dollars) [Graph]. In Statista .

The Lead-acid Battery Market is expected to reach USD 47.29 billion in 2024 and grow at a CAGR of 4.40% to reach USD 58.65 billion by 2029. Panasonic Corporation, GS Yuasa ...
