

# What batteries are produced in Ankara

Will Ford build a large battery cell plant in Turkey?

Ford has agreed with LG Energy Solution and Koç Holding to form a joint venture to build a large battery cell plant for electric commercial vehicles in Turkey. The plant in Turkey had originally been planned with SK ON.

What is Ford's plan to build a new battery Gigafactory in Turkey?

Today, Ford, SK Innovation's SK On, and Koç Holding announced the signing of a non-binding MOU to create one of Europe's largest commercial vehicle battery production sites in Turkey. The plan is to build a new battery gigafactory with an annual manufacturing capacity of about 30-45 GWh, near Ankara, Turkey.

Is Ford changing its battery partner for Turkey?

The Ford E-Transit for Europe comes off the production line there and already uses battery cells from LGES - but these cells are still supplied from the LG plant in Poland, where the cells for the Ford Mustang Mach-E are also built. This announcement confirms the rumour from January 2023 that Ford is changing its battery partner for Turkey.

What is the plan to build a new battery Gigafactory?

The plan is to build a new battery gigafactory with an annual manufacturing capacity of about 30-45 GWh, near Ankara, Turkey. The purpose of the joint venture is to supply batteries for Ford's commercial vehicles, which are expected to be produced in high volume at Ford's facilities in Turkey.

Where does Ford's new battery come from?

The remaining 100 GWh will be sourced from Europe and China with 30-45 GWh coming from the new plant of the joint venture between SK On and Koç Holding, which amounts to in total more than 70% (170-185 GWh) of Ford's planned global capacity of 240 GWh. Battery chemistry: "high-nickel NCM (nickel, cobalt, manganese) battery"

What types of batteries are available in Yildirim enterprise & logistic?

batteries, 1 types battery, european types batteries, japan types batteries, plates, lead acid battery, 12v battery 60 ah , 200ah, car batteries, agm batteries, sealed battery, vrla batteries etc... yildirim enterprise and logistic is the leading most recognized scrap trading company located in Istanbul.
